

Transformation is Happening!

The move of the church offices from the Vincent Building to the Church Building is complete. Here's what you need to know:

Starting Monday, June 29:

- Church offices will be in the main building.
- Church parking lot will be for church/church building events - if you are coming to a program or a meeting during the week, you can now park in the parking lot. Sunday morning and special event use will continue to be reserved for those with limited mobility.
- The driveway for the church parking lot is intended for one-way use - exit by following the driveway looping around the back of the church building.

How to find church staff:

- Mondays will continue to be a remote work day for church staff.
- Use the doorbell at the Assembly Room doors for staff to know you are here and can meet/direct you.
- Clergy will be largely working from home this summer while interim office space is constructed. They can be reached via phone and email to set up appointments, and are also glad to walk over to meet you in the church building if you stop by and they are available.
- Jon Thomsen, Kim Crabtree, and Albert Fenske-Williams will be working from the church building Tuesday-Friday.
