

GIVING TREE SUMMER FUN READING PROGRAM

Want to help a community need? The Giving Tree Summer Fund Reading Program, sponsored by Southport Presbyterian Church for Southport Elementary School. They have partnered together over the past seven years to provide new books to all struggling students. Students in the lower grades receive a tote bag with 3 to 6 new books, a reading folder with Tips to Help Readers, a Reading Log, magnet and bookmark.

Upper grades will choose their books for summer reading. Teachers will select the books to promote reading readiness for the next year. Your \$12.00 donation made payable to “**SPC**” will not only provide our “strugglers” with new books but allows all students to choose 1 to 2 books for their summer reading enjoyment and help maintain their interest and love for reading!

The teachers have also been able to provide new books for the classroom libraries and school library! As you can see your \$12.00 donation goes a long way to help children to learn to read for enjoyment and knowledge.

Checks may be dropped off at the Village Chapel.

“OH THE PLACES THEY WILL GO!”
