Please Join Project Longevity

September 23rd at 1:30 PM @ The BHA Building

We're pleased to welcome two guest speakers:

- Lauren Collver from BHIC will share data from the Maritime Forest and discuss the work being done to understand and protect the island's oak population.
- Megan Stephenson will present on Fall and Winter Gardening on BHI. She will provide samples of rosemary and instructions for both indoor and outdoorcontainer planting.

Please remember to bring a baggie for your rosemary clippings!
