SCHOOL CLIMATE & STUDENT MENTAL HEALTH SERIES

COOPERATIVE EDUCATIONAL SERVICES

Building Connected, Safe, and Supportive Learning Communities

Every Interaction Matters: Practical SEL for Educators

Explore practical strategies for embedding SEL into everyday interactions with students. Participants will learn simple, relationship-centered approaches that foster belonging, resilience, and engagement across all school settings. The CASEL framework will serve as the anchor for the day's learning.

SEPT. 29 2026

Beyond the Surface: Self-Injury & Risk Assessment in Schools

Participants will learn about non-suicidal self-injury & risk in youth. Participants will learn practical steps to support students while following school-based protocols, including use of the Columbia-Suicide Severity Rating Scale (C-SSRS) in comprehensive risk assessment.

OCT. 20 2026

Seeing the Story in the Data: School Climate for Leaders

Designed for school & district leaders, this session explores how to collect & interpret climate, behavior, attendance, and wellness data to identify strengths, uncover inequities, & guide intentional & meaningful improvement efforts.
