

# State of Connecticut

Department of Emergency Services & Public Protection  
Division of Emergency Management & Homeland Security

## Incident Command System (ICS) in Schools

This program will provide participants with an overview of the Incident Command System and how it can be used in Connecticut schools. This is meant as a review for those who have taken other ICS course or an introduction for those unfamiliar with ICS . It will also cover several resources available to school systems. This is an approximately 2 hour program.

### Objectives

- Describe DEMHS and its key functions
- Review the National Incident Management System
- Describe ICS
- Identify the key ICS roles school staff may need to fill
- Identify when to use ICS
- Review additional school resources

### Mission Areas

- [Response](#)
- [Recovery](#)

### Primary Core Capabilities

- [Operational Coordination](#)

### Target Audience

Members of the school community who are expected to respond to or assist with the response or recovery from a planned event or emergency incident impacting the school and its community. Administrative staff and school leadership should be included in each program delivery.
