

Lake Ontario Shoreline Hazard Management Plan

NOTICE OF STUDY COMMENCEMENT

In 1990, the Central Lake Ontario (CLOCA), Lower Trent Region (LTRCA) and Ganaraska Region (GRCA) Conservation Authorities completed a Shoreline Management Plan for the Lake Ontario Shoreline to guide shoreline management within their respective jurisdictions.

Zuzek Inc. has been retained to update the 1990 Plan. The major goal of the Shoreline Hazards Management Plan is to provide the necessary scientific and engineering analysis to manage the Lake Ontario Shoreline. Effective shoreline management means that residents, landowners, municipalities and conservation authorities have the information and tools to:

1. Minimize danger to life and property damage from flooding, erosion and associated hazards along the shoreline;
2. Ensure that shoreline development adequately addresses hazards through a combination of public and private management and development alternatives; and,
3. Ensure that new development does not impact the environmental features and functions of the shoreline.

Public input and comments are invited for incorporation into the planning and design of this project. Following the gathering and compiling of field data, three Public Open Houses will take place, one in each Authority's watershed. In the meantime, if you have any comments or questions or require any further information about this study, please contact your nearest representative listed below.

Central Lake Ontario Conservation Authority

Perry Sisson, P. Eng.
Director, Engineering and Field Operations
100 Whiting Ave., Oshawa, ON L1H 3T3
(905) 579-0411 ext 118
psisson@cloca.com

Lower Trent Region Conservation Authority

Janet Noyes, P. Eng.
Manager, Development Services and Water Resources
714 Murray Street, R.R. 1 Trenton, ON K8V 5P4
(613) 394-4829 ext 211
janet.noyes@lrc.on.ca

Ganaraska Region Conservation Authority

Ken Thajer, MCIP, RPP
Planning and Regulations Coordinator
2216 County Road 28, Port Hope ON, L1A 3V8
(905) 885-8173 ext 245
