

APOSTLE PAT MURRAY
PROPHETIC WORD
8-16-2020

I hear the Lord saying... "My children do you not know, do you not sense the seriousness of the hour in which you live? Even in this critical hour that you're now facing; The fact still surprisingly remains that it's a time when mankind seems more concerned about things than they are with My presence. It is a time of many running to and fro seeking not only entertainment but also words to live by from many sources. But yet you My people do not have the time nor the desire to sit in My presence your Lord and your God and have communion and thus receive life giving words from Me. I long for that communion with you My children. Oh so many of today's ill's would be greatly diminished if only you My people would trust Me and come to Me for strength in your midnight hour; For I am a very present help in times of trouble. Oh what needless pain and problems you My children go through all because you fail to come to Me, to where I am. Even now I am sending out a clear call to those who will hear My voice and will come unto Me and make Me a regular part of your day and of your life. As you begin to welcome Me into your homes, your lives, your schools, your jobs and yes your churches; It's then you'll see that so much more will be accomplished than most could ever do or dream of. Yes, child I am your Father God and I long to bring to you the blessings that are rightfully yours. You just simply need to come to Me and ask of Me and then live in such a way that My presence, My glory and My power will surround you. This world is in need of Me, but how will they know unless you tell them, unless you show them that truly I am the way, the truth and the life? You are My mouthpiece in the earth today, will you not begin to speak of Me and for Me? I love you and I desire for you to walk holy and uprightly before Me. Listen now for the still small voice from deep within your spirit. I am yet waiting for the chance to commune with you and to take you on into My promised presence that I have destined for you. For it's there where you will experience My glory and My voice. Listen, My children listen for I am desiring to talk to you on a level that most have only heard of but sadly have never walked into that place and experienced it personally for yourselves. Don't you know that as a Father I desire to commune with those of you My children who sincerely want a relationship with Me their Abba Father? Don't you know I want to commune with you on My holy mountain as you come up to where I am so you can then reap from My heavy presence? My children it's there in the midst of My glory that you will find the miracles, signs and wonders your body, your soul and your spirit needs and longs for. Take heed My little ones for you must experience the weight of My glory in order to get through the things that are even now coming upon your land and will very soon escalate in its severity. Do it now while you yet have the opportunity, yes while My doors are still open. Yes, come My little ones come while there is yet time. Come while the window of opportunity is still open and extended to you. Do you not know that you are now living in the last of the last days of the allotted time here on what you know as planet Earth? Yes, there is yet still a small space in what you My children know as time. I am an eternal God and soon what you know as time will be no more as you then step into an eternity of your own. Keep your garments spotless and your eyes fixed upon the eastern sky. For as surely as I went away, I am coming back again in like manner as I said. Think it not strange at the happenings of your day for as I have forewarned you they will only accelerate. Be ready My children and begin now to

seek My face, yes My presence and My glory. For I am calling for My Bride to be ready for when you're thinking there's still plenty of time left...I will then be alerting My son and the Savior of this world that time will be no more. Then the Trump of God will sound and only those who are prepared and ready will hear that sound as it calls My people to come home. Be ready for time is running out for My soon return. Yes, prepare yourselves while you still can".
