

## Thank you, Gene LaDoucer!!

Safe Kids Grand Forks has many partners that come together to support the work that we take on. One of those partners is with AAA and they have provided expertise, volunteers and financial support for many of our programs including pedestrian safety, teen driving, distracted driving, child passenger safety and many other areas of injury prevention. At the helm of that work in our state is Gene LaDoucer, a longtime friend and partner in our work.

Gene retired the end of April from his position and we wish him well in this next chapter of his life and extend our heartfelt gratitude to him for being such a champion in our work. From the bottom of our hearts, we say THANK YOU GENE and all the best in retirement.
