These publish dates can vary based on specific information that may get scheduled where we need to get information out sooner/later, but this will serve as a general guideline. **For those providing information, please pay attention to the first and third column and use wording/dates reflective of these times for publication (i.e. don't give us dates after the date of publication or use words such as "will be" if the event will be over by the time of being published.)**

All newsletter articles should be submitted via email to safekids@altru.org

- JPEG preferred to PDF as they turn out blurry.
- Easiest if you send items in a Word document.
- Please include your name and logo with each article so you get proper credit for your work.
