INCORPORATED IN CALIFORNIA

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

Don't Miss An Informative Webinar On September 28th!

Migrating Toward Resilience: Models of Care for the Newcomer Child **Hosted By The Immigrant Health Committee**

Dr. Natalie Cruz

We are excited to invite you to a transformative event, the "Migrating Toward Resilience: Models of Care for the Newcomer Child" seminar, hosted by the American Academy of Pediatrics California Region 2 Immigrant Health Group. This one-hour session will bring together experts in clinical psychology, immigration law, and child health to address critical issues concerning the migration of refugee and asylum-seeking children in Southern California. Join Dr. Natalie Cruz, Dr. John Harlow, and Professor Jean Reisz for this webinar: **Thursday, September 28th @ 7PM.**

Learning Objectives:

1. Identify current trends in migration of refugees, asylum seekers, unaccompanied children, and related migrant youth.
2. Understand specific mental health and legal vulnerabilities for this population and their effects on children's health.
3. Gain familiarity with an interdisciplinary approach to promoting communities of resilience and wellness among recently arrived children and families.

Thursday, September 28th, 2023
7PM – 8PM

Location: Zoom Webinar
