

Primary Care Practice Quality Improvement

more LA smiles

A UCLA-led Consortium Funded by CA DHCS
through the California Medi-Cal 2020 Demonstration

Improve the Quality of Your Pediatric Preventive Services at No-Cost

Our **Primary Care Practice Quality Improvement** curriculum is comprehensive and focused on the implementation of oral health preventive services into well-child visits for children ages 0-6 years.

The services include:

- An Oral Health Assessment
- Anticipatory Guidance
- Fluoride Varnish Application
- A Dental Home Referral

Providers participate in a 1-hour on-site or live webinar overview of pediatric oral care, followed by technical assistance and implementation support personalized for your practice by a quality improvement specialist.

Length: 6 Months **Credits:** 30-50 CME and/or 20-25 MOC Part IV

What You Get

Additional Medi-Cal FFS reimbursement (\$18 for each fluoride varnish application)

30-50 CME credits and 20-25 MOC Part IV credits upon completion of the 6-month program

1-hour of customized training for providers and their staff

6 months of expert implementation support

Oral health educational materials

Smiles for Life Certification

Who Should Join

Pediatricians
Family Medicine Physicians
