

## CDI STRENGTHENS FAMILIES...

Research shows that children are most successful when their parents and caregivers are well supported, informed and connected. At CDI, we strengthen families by partnering with them to develop necessary foundations to fully thrive. We champion families as the most important providers of loving, caring relationships and the best creators of safe, nurturing environments that support healthy development.

### CHILD DEVELOPMENT INSTITUTE EARLY INTERVENTION SERVICES

CDI offers a range of services for children ages 0-8 and their families:

- Mental Health Therapy
- Developmental & Social-Emotional Support
- Speech Therapy
- Occupational Therapy and Sensory Integration
- Physical Therapy
- Feeding Therapy
- Child & Family Counseling
- Social Skills Groups
- Parent Support Groups

### CDI EARLY LEARNING CENTER FREE PLAY-BASED LEARNING & PREVENTION PROGRAMS

CDI strengthens families and promotes healthy development through our Early Learning Center (ELC). This free, play and learning space is open to all children ages 0-6 and their families. We partner with trained volunteers and community groups to offer a variety of programs such as:

- C.A.L.M. Baby
- Discovery Zone
- Garden Club
- Healthy & Fit Together
- Learning Lunches
- Mighty Motor Skills
- Music & Movement
- Parent Support Groups
- Story Time
- Free Developmental Screenings & Parental Mental Health Screenings

## CDI STRENGTHENS COMMUNITIES...

A STRONG, HEALTHY COMMUNITY views children as the future and invests in their healthy development. At CDI, we strengthen communities by inviting collaboration with nonprofits, businesses, institutes for higher education and community members to create a collective effort. Together with our partners, we are paving the way for a more connected, intentional and nurturing community.

### PROFESSIONAL TRAINING

CDI's multi-disciplinary training team provides trainings and consultations to organizations and professionals who work with young children.

- Wide range of topics
- Customized and interactive
- Clinical Internship Programs

### ADVOCACY

CDI is actively involved in local community issues, public policy committees and advises groups on best practices for the care and wellbeing of infants and young children.

"Our experience with CDI was life changing. CDI therapists worked with my son, getting him to communicate, calm down and feel safe! CDI also gave me the proper tools to assist him outside of the therapy room."  
- CDI Parent
