

# California Chapter 2

INCORPORATED IN CALIFORNIA

## American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

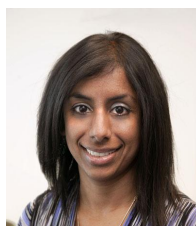

**The AAP California Chapter 2 Newsletter Editorial Review Board** was established in July 2020 to take the chapter newsletter to a new level! Its goals are to highlight educational content and resources of value to chapter members and to showcase our chapter membership while maintaining consistency of style and form across submissions. Meet the 2020-2022 Newsletter Editorial Review Board below.

Sarah Gustafson, M.D. is a pediatric hospitalist at Harbor-UCLA, where she finds joy in teaching and mentoring medical students and residents. Dr. Gustafson loves exploring the Sierra Nevadas. She enjoys baking and sharing her waffles, cookies, and crisps.

Pallavi Kamra, M.D. is a general pediatrician at Clinicas del Camino Real providing care to the underserved population of Ventura County. She is the Early Career Physician Representative for the chapter. Outside of work, she loves exploring the beautiful outdoors of Southern California with her husband and children.

Nirupama Madduri, M.D. is a pediatrician in a private practice clinic in Arcadia, CA, and also is a consultant for the Department of Developmental Services. She serves on the chapter's Newsletter and the Adverse Childhood Experiences Committees. In her spare time, she tries to strengthen her arm balances in yoga; maintain calm by meditating; and enjoys reading Japanese crime fiction.

Christine Thang, M.D. is a general pediatrician at UCLA, where she has been a Bruin since undergrad, medical school, and residency. In addition to chairing the chapter's Newsletter Committee, Dr. Thang is a member of the Early Career Physicians and Adverse Childhood Experiences Committees. Outside of the clinic, Dr. Thang enjoys being a plant parent to her growing houseplant collection.
