

## **AAP-CA State Government Affairs September 2026 Update**

### **Legislative Session Achievements Review**

AAP-CA took positions on 57 bills, with 56 supported bills passing the legislature and 44 reaching the governor's desk, resulting in an 80% success rate. Three Tier 1 bills are currently at the governor's desk: AB 2346 (Wilson's e-bike bill), SB 936 (Blake Speier's nitrous oxide bill), and AB 1628 (Rodriguez's safe surrender expansion bill).

### **Current bills supported, Letters of Support, and their current status:**

- [AB 1569](#) (Pupil safety: electric bicycle: safety and training program) - Chaptered
- [AB 1709](#) (Social media platforms/age restriction) - Chaptered
- [AB 2071](#) (Pupil instruction: digital wellness) - Chaptered
- [AB 2246](#) (Online service, product, or feature: access by children) - Chaptered
- [AB 2249](#) (Cannabis: labels, packaging, and advertising) - Chaptered
- [SB 867](#) (Toys: companion chatbots) - Chaptered
- [SB 1128](#) (Pupils: technology-based materials: school-issued electronic devices) - Chaptered

Local legislators have also recently shown their support for AB1709 and AB2071:

**Assemblymember [Josh Lowenthal](#) (D-Long Beach):** “California families are suffering and are in need of relief. AB 1709 and AB 2071 are the most impactful social media protections bills in the nation. They not only stop the harm against children, but they are also rooted in prevention. Through the Governor’s leadership, we are creating a model policy that can be cut and pasted throughout the country. And ideally force the federal government to provide oversight.”

### [Session 2025-2026 - Current List of Bills](#)

---

AAP California Chapters 1, 2, 3 and 4 advocate together on state-level issues related to children’s health and well-being, and the practice of pediatrics.
