

John Stark Regional High School

Graphic Art & Design

Request Form

John Stark Graphic Art & Design students are looking for service learning opportunities that will showcase their work and help to build their portfolios. Students are available to design for town, school, and local non-profit organizations. Students have been learning how to use Adobe Photoshop and Indesign to create logos, advertisement, posters, business cards and fliers. We are able to format the designs for printing companies but we can not print in school. Since our Graphics Arts Classes are half year classes the best time for students to work on community based projects are Oct-Jan and Apr-Jun. We will do our best to to fulfill your requests.

Please submit your request via email to tracy.travers@sau24.org . ~ Thank you!
