Be in community with 3CSN and colleagues in your region at one of six Spring Regional Summits across the state as we continue weaving together our student success initiatives by learning how to create design principles that place equity at the center of this collaborative work. Together, we will deepen our understanding of intentional collaboration and build on your campus plans for Guided Pathways, College Promise, and the redesign of English and Math courses. Breakfast and lunch will be served. All are welcome! Bring a friend!
