

Learn more about **Ski & Snowboard Club Vail's Youth Alpine Programs**

SSCV offers an array of alpine program options for developing athletes with a range of experience and commitment levels ...

Future Stars Youth Ski League

The Future Stars program progressively develops the skiing skills of children ages 6-9 in a safe, fun and challenging environment on Vail Mountain. The goal at this age is to open the possibilities by exposing athletes to the three different disciplines (alpine, freeski and freestyle) offered by SSCV.

YSL is a part-time program that serves as an introduction to ski racing, providing fundamental skill work and a basic understanding of the rules of the sport. It is designed to allow the athlete to become more familiar with alpine racing and is intended to serve as an entry-level program.

U12-14 PT

The U12-U14 Part Time Age Class program is for athletes, year of birth 2006-2009, who want to participate in more-competitive racing on a part-time basis. Within this program, athletes will have an opportunity to further develop their skills and exposure to alpine ski racing.
