

Connected Lutheran school educators
inspiring student learning in Technology
Enriched Classrooms.

It's not too late to register! Take two minutes now

TEC21 is beginning to finalize dates for Season 18 of the Workshop Program, which launches in September. Don't risk the possibility of not getting seats in your desired cohort from this exciting lineup:

- **EC-8 educator (in-person and virtual options)**
- **EC-8 principal (virtual)**
- **EC-12 music (virtual)**
- **7-12 subject-specific (virtual for ELA, science, social studies and theology)**

Our popular virtual cohorts *cap at six* participants.

TEC21 Founder and Executive Director Brent Dieckhoff cautions us that advanced technology is not going away. TEC21 offers Godly counsel and practical instruction inside the Workshop Program to help Lutheran school teachers find the right balance of technology in their classrooms. He shared this from a TEC21 participant, Jessica Nellis, director of Curriculum and Instruction at First Immanuel Lutheran School in Wisconsin:

"One of the things I really appreciated ... was the emphasis on intentional technology use rather than just using technology because it's available. The focus was really on making sure that technology enhances learning rather than becoming the center of the lesson itself."

For registration help: reach out to TEC21 Executive Director Brent Dieckhoff [here](#) to schedule a video chat, call him at 316.641.8356, or email brent@tec21connect.com to ask him to hold spots for you. Read more and share: [2025 annual report](#) and [2025-26 general information flier](#).
