

Connected Lutheran school educators
inspiring student learning in Technology
Enriched Classrooms.

WHEN YOU REGISTER A TEACHER, YOU REGISTER THEM FOR A LIFETIME

Take two minutes now to [register](#) and hold your spots for the 2026-2027 season of the TEC21 Workshop Program, which has a September 2026 start date, for these cohorts:

- **EC-8 educator (in-person and virtual options)**
- **EC-8 principal (virtual)**
- **EC-12 music (virtual)**
- **7-12 subject-specific (virtual for ELA, science, social studies and theology)**

All virtual cohorts cap at six participants. **Register soon! We're nearing the March 31 registration close date!**

You're registering for the TEC21 experience journey: *Immersion*, one day per month for seven months, with like-minded peers in leading-edge technology learning for curriculum development, skill-enhancement, application mastery ⇨ **Master facilitation and coaching** to build Godly discernment for using technology to win, engage and profit students ⇨ **Confidence building** to rally peer colleagues for enhanced schoolwide technology proficiency and student performance ⇨ **Readiness to become a classroom resource** for parents struggling to accept, navigate or direct home technology use ⇨ **Continuation of the journey** through the TEC21Connections professional, *lifetime* learning community — <https://tec21-connections.mn.co> — with an expanding and evolving lineup now featuring pop-up workshops for Canva and The Landmark Project, opportunities for unique educator collabs, and online meetups for 1st and 4th grades, 3D printing and middle school/high school ELA.

For registration help: reach out to TEC21 Executive Director Brent Dieckhoff [here](#) to schedule a video chat, call him at 316.641.8356, or email brent@tec21connect.com to ask him to hold spots for you. Read more and share: [2025 annual report](#) and [2025-26 general information flier](#).
