In season 17 of the TEC21 Workshop Program, happening each month now across 29 cohorts, more than 150 Lutheran school educators are, in the words of a secondary science teacher who experienced TEC21 last season, *collaborating, learning from each other, and graciously sharing resources*. Professional development doesn't get better and it's time now to [register](#) for the 2026-2027 season of the program, which has a September 2026 start date, for these cohorts:

- EC-8 educator (in-person and virtual options)
- EC-8 principal (virtual)
- EC-12 music (virtual)
- 7-12 subject-specific (virtual for ELA, science, social studies and theology)

Principals, register with just your names to save spots for your EC-8 and secondary teachers and for our very popular principal cohort! There's a place for everyone in every corner of the U.S. to take a seat virtually or in person to experience this remarkable learning fellowship!

If you have questions or would like TEC21 to walk you through the registration process, reach out soon to Brent [here](#) to schedule a video chat or call him at 316.641.8356. You can also send a quick email, to [brent@tec21connect.com](mailto:brent@tec21connect.com), asking him to hold spots for you.

*Learn more from TEC21's [2025 annual report](#) and [2025 general information flier](#) and share with all your teachers to encourage participation and renewal.*
