

Press Release

NEW Stainless-Steel Food & Beverage Grade Ergonomic Lifters

Schmalz has added two NEW stainless steel, ergonomic lifters to our offerings for the food and beverage industries. These manual lifters and their crane systems are made of FDA-compliant materials. These materials can be cleaned with the standard cleaning agents.

Now there are three options for fatigue-free handling of sacks, bags and pails:

- JumboFlex SS offers single-hand control for handling of workpieces up to 110 lbs. (50 kg); includes double-trigger (1 for vertical control, 1 for release)
- JumboSprint SS for precise handling of workpieces up to 660 lbs. (300 kg) for handling pails, barrels and bags
- JumbErgo GMP for precise handling of workpieces up to 660 lbs. (300 kg) for boxes and rigid surfaced workpieces

Contact your local Regional Sales Manager, or our Sales & Technical Support team for schmalz@schmalz.us for information.

About the Company

Schmalz is the global market leader in vacuum automation and ergonomic handling solutions. Schmalz products are used worldwide in applications in the logistics, glass, metal, automotive, packaging, and wood industry sectors.

The wide range of products in the Vacuum Automation unit includes individual components such as suction cups and vacuum generators, as well as complete gripping systems and clamping solutions for holding workpieces. Our Handling Systems unit offers innovative handling solutions with vacuum lifters and crane systems for industrial applications.

With comprehensive consulting, a focus on innovation and first-class quality, Schmalz offers its customers long-lasting benefits. Schmalz's intelligent solutions make production and logistics processes more flexible and efficient, while also preparing them for the increasing trend toward digitalization.

With its own locations and its sales partners, Schmalz is represented in more than 80 countries and in all important markets. The family owned company has over 1,100 employees at its headquarters in Glatten (in the Black Forest region of Germany) and its 17 international subsidiaries.

Schmalz' US headquarters in Raleigh, N.C., has been in operation since 1993 and employs about 100 people.
