

## Press Release

### Custom Grippers at the Click of a Mouse

Schmalz is proud to participate with our host, Universal Robots, at THE COBOT EXPO. This virtual venue provides us the opportunity to showcase our growing line of end-of-arm gripping solutions for collaborative robotics:

- The NEW 3D printable tooling to custom fit your workpiece ([SLG](#))
- The NEW 3D-R vision & handling set ([ECBPi](#) and [Vision 3D-R](#))
- Our intelligent electrical vacuum generator ([ECBPi](#))
- The NEW mini vacuum generator, with a profile that allows freedom of movement into the tightest of spaces ([ECBPM](#))
- Our area gripper for palletizing, pick-and-place applications ([FXCB](#))
- Our design it yourself modular end-effector ([VEE](#))

We'll have knowledgeable representatives available in the show portal to discuss the features, benefits and answer your questions on all Schmalz' collaborative solutions.

Register now and we'll look forward to "virtually" meeting you at the show.

July 28-30, 2020

9a – 4p EDT

## **About the Company**

Schmalz is the global market leader in vacuum automation and ergonomic handling solutions. Schmalz products are used worldwide in applications in the logistics, glass, metal, automotive, packaging, and wood industry sectors.

The wide range of products in the Vacuum Automation unit includes individual components such as suction cups and vacuum generators, as well as complete gripping systems and clamping solutions for holding workpieces. Our Handling Systems unit offers innovative handling solutions with vacuum lifters and crane systems for industrial applications.

With comprehensive consulting, a focus on innovation and first-class quality, Schmalz offers its customers long-lasting benefits. Schmalz's intelligent solutions make production and logistics processes more flexible and efficient, while also preparing them for the increasing trend toward digitalization.

With its own locations and its sales partners, Schmalz is represented in more than 80 countries and in all important markets. The family owned company has over 1,100 employees at its headquarters in Glatten (in the Black Forest region of Germany) and its 17 international subsidiaries.

Schmalz' US headquarters in Raleigh, N.C., has been in operation since 1993 and employs about 100 people.
