

Centro, Inc. recently hosted 3 separate Automation and Robotics Exhibits:

- Wednesday (9/11) in Montgomery, Alabama
- Thursday (9/12) in Birmingham, Alabama
- Friday (9/13) in Huntsville, Alabama

It was an open-house, tabletop trade show format that highlighted the Automation & Robotics product offering from Centro, Inc. Each event included 3 live robot demos and lunch.

The events highlighted the following Centro Automation & Robotics capabilities”

- Robotics (Collaborative and Traditional)
- Factory Automation
- Pneumatics
- Motion Control
- End of Arm Tooling
- Vacuum Capabilities
- Vision Systems
- Safety Systems
- System Integration

The objective for the events was to highlight Centro’s best in class vendor partnerships and display Centro’s support for the Alabama market.
