### **Ringfeder Organizational Announcements**

Ringfeder Power Transmission (Westwood, NJ) is excited to announce numerous new hires and promotions that will further strengthen our sales organization and support to our customers across the US, Mexico, and Canada.

Brandon Guse, has been promoted to North American Sales Director. Brandon will responsible for the development of our sales team and overall business across North America. Brandon brings over 20 years of sales and management experience to this role and most recently was Regional Sales Manager for Ringfeder.

Dan Moss, has been hired as a Regional Sales Manager and will be responsible for sales across the eastern US. Dan brings more than 25 years of sales management experience, most recently working for Eaton Aerospace as a Product Sales Manager.

Kent Thomas, has been hired as a Regional Sales Manager and will be responsible for sales across the south central US. Kent brings more than 20 years of sales management experience, most recently working for KWS Mfg as Technical Sales and Regional Sales Manager.

Amberae Miller, has been promoted to a newly created sales role – Sales Trainee where she will further develop her sales skills, knowledge of our customers, and work towards her own area of sales responsibility, to be designated with her continued experience. She most recently worked as Customer Service for Ringfeder.

We look forward to each of their success, continued growth and the further expansion of our sales team.
