

Epicor Executive View: Austin

January 29 - January 30, 2020 | JW Marriott Austin

[Executive View is returning to Austin!](#) This event, designed specifically for distributors, is an exclusive, interactive, educational meeting focused on helping you grow your business, enhance productivity, and differentiate.

With deep industry knowledge in distribution and unbeatable fit-for-purpose functionality, Prophet 21 helps distributors grow, compete, and thrive in today's highly competitive marketplace. At Executive View, you'll see real-world examples of exactly how Prophet 21 users achieve that success.

[Executive View](#) is a must-attend event designed specifically for distributors like you. It includes various topics of critical concern, such as:

- Using analytics to grow sales and profits
- Adopting and mastering eCommerce
- Taking your business to the Cloud
- Optimizing inventory
- Becoming a Digital Distributor
- And much more!

With deep industry knowledge in distribution and unbeatable fit-for-purpose functionality, Prophet 21 helps distributors grow, compete, and thrive in today's highly competitive marketplace. At Executive View, you'll see real-world examples of exactly how Prophet 21 users achieve that success.

Whether you are currently evaluating an Epicor solution or haven't started the process, this event is for you. [Epicor will cover the event registration costs, event meals, and two-night hotel stay for you and one other executive from your company.](#)

"The Executive View event was one of the best resources we had for making an informed decision on our ERP choice. While the speakers and their content was meaningful, the real value was in interacting with people from other companies in our industry, discussing approaches to common problems, and time with live demo systems. The event gave us a clear picture of who Epicor was, where they were heading, and what their customer base was interested in."

Jim Kaas, President | Iowa Fluid Power
