### **Nathan Goodrich accepts Inside Sales position for region 700**

C&E Advanced Technologies is pleased to announce that Nathan Goodrich has accepted the position of Inside Sales as part of Region 700.

Nathan has a background in industrial power transmission, having previously worked as a Customer Service and Sales Representative for Applied Industrial Technologies, where he assisted customers with researching and quoting the best options to meet their needs, and exceeded sales goals while maintaining customer satisfaction.

Nathan also worked in materials management as a senior buyer and served in the Tennessee Army National Guard. Nathan will report to Lee Harris, Tennessee Regional Manager.
