### **Chris Surber Accepts Technology Consultant Position**

**May 7<sup>th</sup>, 2019, Nashville** – C&E Advanced Technologies is pleased to announce that Chris Surber has accepted the position of Technology Consultant for the Southern region of Middle TN, assuming the territory previously managed by Paul Kamenca.

Chris holds a BS in Electrical Engineering. He has more than 15 years' experience in Lighting Controls, Robotics, and Vibration Monitoring Systems engineering. Chris proudly served in the United States Air Force, serving as Crew Chief for F-117A Stealth bomber aircraft and performed phase dock inspections for a fleet of 21 F-117A aircraft. Fun

Fact about Chris; he was the Robotics Technician on the movie set of The Hurt Locker.
