Bought a Condo home in 2026 in Pelican bay, Naples, FL.

We had a great experience working with Allison, it was especially helpful because we were looking and we live out of state. She made it so much easier for us to navigate the distance and find what we were looking for at this time. She was very patient and has stayed in touch with us for almost 2 years while we decided on our timing. We found the perfect spot. It was enjoyable and stress free working with Allison. She knows the area and is easy to talk to and we never felt pressured. We highly recommend going through this process with her.
