Sold a Single Family home in 2026 in Naples, FL.

We are delighted with the outstanding job that Allison Callas, of Allison Sells Naples, did marketing and selling our Naples home. Her MLS description, professional photography, digital and physical staging, and beautifully prepared marketing materials showcased our property exceptionally well. Allison hosted numerous open houses, personally prepared and accompanied Buyer showings, followed up all prospects, and consistently provided valuable feedback. She was proactive, professional, an excellent communicator, and dedicated tremendous time and effort to achieving a successful sale. Having worked with many real estate agents over the years, we can confidently say Allison is the best. We highly recommend her to anyone buying or selling a home.
