

Superintendent's Message

March 26, 2020

Dear Boerne ISD Family,

I recognize how difficult it has become to have the added uncertainty of how long schools will be closed to establishing practical and healthy routines at home. In alignment with the recent extension of our district's cities and counties emergency declaration through April 24, I have also extended the closure of the school district.

School Closure

All campuses and departments will be **closed through April 24**. We are quickly learning and implementing remote work environments for our staff and can continue providing the many supports to our students as we always have. It is a different way of doing the work, but we are here and dedicated to being our very best for all.

Below are some important updates. Please take a moment to read through them. As always, we are grateful for every student and family in BISD. I have never been prouder to serve a community as I am now.

Sincerely,

Dr. Thomas Price, Jr.

Superintendent of Schools
Boerne ISD

IMPORTANT INFORMATION

Distance/Remote Learning

Remote learning will continue for all students. Now that we know we will be teaching and learning in this fashion for the next month, please expect lessons to be more rigorous. It is our goal to provide challenging yet manageable lessons for our students.

Packet pick-up is scheduled on **Friday, March 27 from 9 AM - 11 AM at your child's campus**. We anticipate, as our students become better adjusted to learning remotely, there will be less of a need for printed packets. We will continue to make them available for students while we reduce the number of employees required to make this happen.

Counseling Services

It is during times like these, our children may require social and emotional support. In addition to providing supports to our instruction team, our counselors will continue to make themselves available through virtual supports for our students. For more information click here: [BISD Student Support Services](#)

Drive-Through Meal Service

We will continue to provide a drive-through meal service at **Curington ES and Boerne Middle School South. Breakfast 7-8 AM & Lunch 11 AM-12 PM.** We are receiving more guidance from the state on how we will need to manage our food program moving forward. We will only be able to provide meals for our students who are in the vehicle at the time of pick-up. You may be asked to provide additional information when picking up a meal. Thank you in advance for your understanding as we work to comply with the directives of the state and the Texas Department of Agriculture.
