

LIFE & DEATH EXPLORATIONS

with Joni Dittrich, Ph.D

Accompanied by her sublime sacred singing bowls, Joni Dittrich, Ph.D. (aka Rajashree Maa) guides us on a deeply meditative, imaginal journey ~ beginning before birth, moving through life's passages and into the mystery of death and beyond.

Following the meditation, participants will be invited to quietly reflect, journal, and share insights into their own life and death journeys.

Joni is a retired psychologist with 35 years of experience and the Founder & Master Teacher of *Kali-Ki Reiki* and *The Wisdom School*. Her work blends Reiki, yoga and meditation as a path to "spiritual wisening" ~ awakening to the liminal sacred spaces between what we call life and death.
