

FRIDAY access to Pueblo Motorsports Park and paddock parking

The Friday preceding RMVR's Big Bore Thunder event is, unfortunately, unavailable for open-lapping (sorry, it's a motorcycles-only that day). For those planning to arrive at PMP on Friday, we must coordinate our track entry/exit and share the paddock with both the Motorcycle Racers (before 5 pm), and with the Drag Racers (after 5 pm).

ENTRY

- RMVR members are being allowed to enter the facility on Friday at times when the track is cold and the gate is open (like always). As usual, you'll need to sign the waiver & get your wristband and (new this year) pay your City of Pueblo track fee of \$10.00/race vehicle.
- If you are planning to arrive on Friday, we strongly recommended avoiding the 4:30-6:30 PM timeframe. We want to reduce congestion on the entrance road and at the gate as the motorcyclists leave and the drag racers arrive. Plan accordingly.

PARKING

- For Friday arrivals, we request that you park and set up on the **North** side of the paddock, leaving the south side (the end closest to turn 9 & 10) for the motorcycle and drag racers.
- Please make every effort to take only one pit spot and avoid parking your rig parallel to the East-West paddock roads wherever possible.

THE BOTTOM LINE

- These other race groups were willing to make some accommodations for us on Friday but the track doesn't officially "belong" to RMVR until Saturday. Please be courteous and respectful to our fellow motorsports enthusiasts.
