

Grandparents Raising Grandchildren

Surviving RAD

(Reactive Attachment Disorder)

This workshop will address:

- The causes of RAD and its symptoms
- A better understanding of early brain development and how it can affect a child's social / emotional development
- Brainstorm discipline strategies

What you will learn:

- What RAD is and its characteristics
- The five basic human needs in the cycle of need/attachment
- Creative strategies to manage children with RAD
- RAD's effect on the whole family
