# Civilian Response To Active Shooter Incidents

The PHP Security Team is pleased to present Chris Minney from the Gang Task Force of the **Georgia Bureau of Investigation**. He has been throughout the PHP campus and will explain what we should do if an active shooter comes to our facility. He will include the psychology of the active shooter and their victims, active shooter statistics and events, the role of law enforcement and their response, and the response of civilians during an active shooter event.

You will not want to miss this presentation!

**Thursday, July 14th**
