For Immediate Release

LaBella Associates is pleased to announce the hiring of the following employee:

Alexander Merry

Alexander has joined LaBella Associates, D.P.C. as a Junior Mechanical Engineer for the Buildings Engineering Division at LaBella Associates. He has recently graduated from Alfred State College, with a Bachelor of Science in Mechanical Engineering Technology. At LaBella, his responsibilities will include designing mechanical work for industrial, K-12 and high education facilities as well as conducting site work and inspections for overall construction design projects. He currently resides in Rexville, New York.

###

LaBella Associates, D.P.C. is a 470 person A/E firm specializing in architecture, engineering, environmental consulting, surveying, planning, and grant writing.
