Welliver McGuire Inc. Names Brian Kenney as Vice President of Preconstruction Services

MONTOUR FALLS, NY- Welliver McGuire Inc., the foremost provider of comprehensive construction services in New York State and Northern Pennsylvania, announced today the promotion of Brian Kenney to Vice President of Preconstruction Services.

Most recently, Mr. Kenney served as Welliver's chief estimator where he played a vital role in leading the estimating team, which collectively has over 200 years of estimating experience and has estimated nearly \$3 billion of work. Mr. Kenney brings 30 plus years of experience in project cost estimation, project management & business development to his new role.

As Vice President of Preconstruction Services for Welliver, Mr. Kenney will manage cost estimation, constructability reviews, and construction scheduling for projects when Welliver is responsible for preconstruction services. He will also lead the Company's competitive bid market strategies and execution. Mr. Kenney will report to Stephen Welliver, Senior Vice President.

Welliver is taking this opportunity to rebrand the estimating department to more accurately represent the services that the estimating department has provided in the past and will continue to offer.

Leveraging decades of knowledge, Mr. Kenney delivers a sharp focus as an estimator and project manager for clients representing a diverse range of industries. "I look forward to applying my construction experience and understanding of current bid market trends to every pre-construction estimate and competitive project bid," said Brian Kenney.

A graduate of the State University of New York at Morrisville, Mr. Kenney is a LEED Accredited Professional and a member of the US Green Building Council.
