**THE NEW YORK STATE FEDERATION OF REPUBLICAN WOMEN  
CONGRATULATES ELISE STEFANIK AS THE NEW REPUBLICAN  
CONFERENCE CHAIR**

The National Federation of Republican Women congratulates New York's Congressional Representative Elise Stefanik for becoming third-ranking GOP lawmaker in the House of Representatives! Elise has always advocated for law enforcement, farmers, veterans and military families. She fights for her constituents without fear as she puts America first. The women across New York rejoice in this news as we know she'll inspire younger voters and many more women to get engaged in politics and run for office.

"As the New York State Federation of Republican Women president, I proudly say Congratulations Representative Stefanik, we look forward to your strong leadership as you work to unite the Republican party. You are an outstanding role model for women and we stand behind you! Because of this, many more will be empowered to run for office."
