(30 minutes NE of Peterborough)

Camp Kawartha

Inspiring Human & Environmental Stewardship

Operating since 1921, Camp Kawartha has evolved from a small, boys-only summer camp into a year-round facility welcoming girls, boys and adults from around the world. Our organization is dedicated to teaching children and youth about ecology, sustainable living, outdoor living and life skills, and is a recognized leader for its environmental and leadership programming.

Camp Kawartha strives to create a supportive community which recognizes and values every participant. We inspire visitors to discover the very best in themselves and to encourage others to do the same. We foster environmental stewards today, for a better tomorrow.
