

WHAT IS A VISIONARY?

They look to the future –**and see infinite possibility**
They challenge the status quo – and make the impossible possible
They boldly imagine a better world – and lead the charge to create it

Student Visionaries of the Year is a groundbreaking philanthropic leadership development program in which highly motivated high-school leaders embark on a journey of professional growth, fostering professional skills such as entrepreneurship, marketing, and project management - all while raising as much funding and awareness as possible to impact the Leukemia & Lymphoma Society's (LLS) lifesaving mission.

These tenacious young changemakers fundraise for LLS in honor of blood cancer patients and survivors. Student Visionaries of the Year titles are awarded to the candidate teams who raise the most funds in their community during the 7-week competition. **APPLY FOR THE PROGRAM:** www.llsstudentvisionaries.org
