

## September is Suicide Awareness Month

Senior Vice Chancellor for Clinical Affairs <svcca@rbhs.rutgers.edu>

Tue 9/6/2022 11:01 AM

To: RBHS\_ALL@RAMS.RUTGERS.EDU <RBHS\_ALL@RAMS.RUTGERS.EDU>

Dear RBHS Community,

The last two years have brought tremendous challenges in our university community, affecting each one of us in unique ways. We have responded with dedication, care, and energy, as we continue to strive for excellence in our patient care, education, research, and community missions. Even so, we know that it has not been easy and some of us may be struggling.

In that spirit, RBHS and RWJBarnabas Health (RWJBH) are jointly planning special events in September, which is **Suicide Awareness Month**. There will be various activities throughout RBHS and RWJBH including virtual presentations and workshops as well as live events, to encourage well-being, support each other, and increase our awareness of suicide in healthcare environments.

Please visit [sites.rutgers.edu/rbhs-pwb/](http://sites.rutgers.edu/rbhs-pwb/) for a complete calendar of events.
