

Created in 2009 as an event to bring together all aspects of the logistics industry for lunch, the Georgia Logistics Summit has grown over the last nine years from 400 attendees in its first year to nearly 1,500 in 2017. This event has evolved to where it now has participation from professionals from all across the end-to-end Supply Chain.

Each year, the Summit brings together nearly 50 speakers from prominent shippers in the industry, leaders in the state's infrastructure and economic development community, and a keynote speaker from large corporations like Caterpillar, The Home Depot, and Walmart. In 2018, the Summit will be co-located with MODEX, a trade show that will bring in an additional 30,000 attendees from across the end-to-end supply chain. Programming this year for the Summit and MODEX will run from April 9th through 12th 2018 - - more information can be found here: [Georgia Logistics Summit](#) and [MODEX 2018](#).

The Georgia Logistics Summit Executive Committee wants to engage and support the Veterans and overall military community. We encourage its members to participate in our event & programming. Especially for Veterans that are looking to gain jobs in the end-to-end Supply Chain here in Georgia, the Summit presents a powerful networking and market intelligence-gathering opportunity. Veterans that own businesses also stand to make powerful connections that will help them grow their organizations. To that end, the Georgia Logistics Summit has a special reduced registration rate of \$75 for Veteran participants. Additionally, a team of volunteers is working to build a pool of free tickets for Veterans. We want to send at least 100 Veterans to the Summit on a complimentary basis. Please note: this opportunity is open to all Veterans and current service members (Active Duty regular, National Guard or Reserve). If you are a Veteran or current service member that is interested in a reduced rate ticket OR a free ticket, please provide your contact information via this brief survey [here](#). We will be reaching back out to you with additional details by the end of March 2018. Potential sponsors: we welcome your calls and support as well.
