

## The Endrew F. Case and Implications for FAPE and ESE and School professionals Follow-Up Consultative Support.

**Presented by: Mitchell Yell, Ph.D.**

**Hosted by: FAU CARD**

### Training Description

Dr. Yell will provide additional information and consultative support to administrators, special educators, graduate students and others. Components of a defensible ASD program, ensuring goals and objectives are measurable and the importance of documenting student progress will be reviewed.

On March 22, 2017, the U.S. Supreme Court handed down a decision in the case Endrew F. v. Douglas County School District. In Endrew, the Supreme Court heard arguments that there is not a clear standard for the level of benefit schools must provide to students in special education. Is some small degree of benefit enough? Or do students have a right to something more meaningful? In the unanimous opinion, the Supreme Court ruled that in developing IEPs, school districts must aim to enable a student to make academic and functional progress in light of his or her circumstances. According to the Supreme Court the new standard "is markedly more demanding than the "merely more than de minimis" test" currently applied by many U.S. Circuit Courts of Appeals in special education cases. The presenter, who attended the oral arguments in the Endrew case, will discuss this extremely important case, how the decision will profoundly affect special education, and implications for the future of special education for students with disabilities.

### Tareget Audience

District and School Administrators, Program Staff, ESE Coordinators, FAU Faculty, FAU CARD staff, FAU doctoral students and graduate students

This follow-up consultation and technical assistance will provide participants an opportunity to receive individualized technical assistance and support.

#### Date:

Feb 15, 2019 from 10 a.m. – 12 p.m.

#### Location:

FAU MacArthur Campus  
AD 103  
5353 Parkside Dr., Jupiter, FL  
33458

#### Registration Deadline:

Feb 14, 2018  
Limited to first 250 participants

#### Register Online:
