WIZO. Doing What Matters

October 2025

Dear Presidents and Representatives of WIZO Federations,

Israel is living through one of the most defining moments in its modern history.

As a movement and as a family, WIZO stands at the heart of the nation's recovery — supporting thousands of families, children, and women with strength, compassion, and unwavering purpose.

It is in this historic context that we are honored to invite you to the **Meeting of Representatives (MOR) 2026**, which will take place in **Tel Aviv, from January 18 to 22, 2026**.

Under the theme “**We are Here: Healing, Supporting, Strengthening Israel**,” this gathering will be a celebration of resilience, leadership, and partnership — an opportunity to come together as one global WIZO movement, share experiences, strengthen collaboration, and shape our collective vision for the years ahead.

During MOR 2026, delegates will:

- Visit key WIZO institutions leading Israel's social response.
- Participate in strategic discussions and workshops addressing post-war challenges.
- Engage with inspiring Israeli voices from education, welfare, and public life.
- Celebrate the spirit of unity that defines WIZO worldwide.

As we did last year - and in recognition of the importance of broad engagement and collective leadership—we are once again expanding the scope of participation. pleased to extend the invitation to **up to ten participants per federation**, ensuring broader representation and deeper impact.

Kindly register by December 5, 2025, using the online form: <https://www.wizo.org/event-registration-en/>

Participation fee: USD 350 per delegate

As in past years, you will again be able to enjoy special reduced rates at the Carlton and Hilton hotels in Tel Aviv. Please refer to the attached document for accommodation rates and contacts.

We are confident that MOR 2026 will be a powerful reminder of our shared strength — a reaffirmation that, united, we continue to build Israel's future.

With hope, pride, and sisterhood,

Ahuva Koren
