In Spring 2022, the NFRW offered a 10-session virtual Campaign School for the 2022 election cycle. [Video recordings of these sessions are now available](#). If you missed the local training session by Member/SCRIP Chair Betsy Mahan, you might want to take advantage of these sessions. Campaign fundamentals covered include creating a campaign budget and a finance plan, earned and paid media, social media and the Internet, strategy and message development, opposition and issue research, voter targeting and voter identification, get-out-the-vote activities, recruiting and managing volunteers, direct mail, organizing events, asking for money, and putting together a finance committee.
