

## Caring for America: The Pro-Life Movement and Overturning Roe v Wade

There have been great changes for Pro-Life since President Trump issued the Right to Life Proclamation in January 2021. After 50 years, Roe v Wade was overturned, and more Americans are questioning the benefits of abortion.

The loss of sixty-three million aborted children and millions more not born to them in three generations, has left a labor shortage in replacing the retiring boomer generation. We now have an open border policy to fill the gap with foreign workers in an effort to sustain the US Economy but unfortunately, this illegal Democrat practice is slowly reducing our United States greatness into a mixture of Third World problems.

Continuing the idiocy of Democrat eugenics policies, Voters in California will be asked to make abortion a Constitutional right. Please vote NO on Prop 1. Another law, AB2223 allows killing a baby even a month after birth without investigation.

Democrats have also made California an Abortion Sanctuary State, inviting pregnant women from anywhere, with free abortions and living expenses paid for by taxpayers.

But we can do better than that. With a long list of families waiting to adopt babies, our funds should go to growing our Pregnancy Centers, which help families with supplies and resources even after birth.

We at the Sacramento Republican Women Federated have done an outstanding job at bringing awareness and involvement for more aid and growth to these wonderful Pregnancy Centers.

More ways we can help:

Sacramento Life Pregnancy Center is hosting their 50<sup>th</sup> Anniversary Gala on Nov. 5<sup>th</sup> at the Hyatt Regency. Click on the picture for more information and to Register.

Our three local Pregnancy Centers can also use more donations and supplies. Thank you for your giving.

- [Sacramento Life Center](#)

We are looking forward to a bright future for the United States, combining the best of the generations and our many cultures to legally Make America Great Again. And make our Votes count to restore the Golden State of California.

God bless you all,
