

★ Dear Sacramento Republican Women's Federated Members,

There is no legislation to report currently. Please check my telegram channel for information about new bills after the new year. It's also a one-stop place to see the legislative updates from the California Republican Women's Federated.

<https://t.me/CAFreedomFighter>

I also report on verified election integrity issues on that same telegram channel. I currently recommend the movie, **"Selection Code":**

<https://m.imdb.com/title/tt20863620/>

Here is one legislative action that you can take:

Send a note to your legislator, stating that you oppose the priorities of the CA Future of Abortion Council and support a future for CA that prioritizes strong, healthy families:

Do you oppose increased tax-dollar funding for abortion? Already \$200+ million was allocated in last year's budget to fund abortion, abortion access, and the abortion workforce.

Please ask legislators to stop funding more abortion.

Instead, support healthy babies.

Please support our local pregnancy help clinics:

Sac Valley Pregnancy Clinic Alternatives Pregnancy Center

<https://svpclinic.com/>

<https://alternativespc.org/>

These local providers support women throughout pregnancy and beyond, helping at-risk women and families access housing, domestic violence resources, prenatal care, parenting classes, nutrition, baby items, and more.

Cheers and MERRY CHRISTMAS,
Karen Juten, SRWF Legislation Chair
