

**Janet Price  
CFRW President  
2022-2023**

**Janet Price is part of an endangered species in our state... a native-born Californian! Raised in Glendale and from a military family, patriotism was the natural language at home. She identified as a conservative Republican even before she was old enough to vote!**

**When Janet married Gene Price in the early 70's, he was a broadcaster and for many years was a staple in Los Angeles radio. But his greatest satisfaction professionally came when he was hired by Armed Forces Radio to do a daily country music show that aired at bases around the world. This lasted 23 years. The recording studio was built in their home in Sherman Oaks, so grassroots Americana music filled the home.**

**In the early 2000's, Janet first visited a Federated club, Encino Oaks RWF, in Studio City, and a new life began. Two years later she was elected president and continued to serve in that position for eight years. She became an Area Representative for Los Angeles County RWF, a state Legislative Analyst for CFRW President Shirley Mark, then served as Ways and Means Chair for CFRW President Nam-Yong Horn.**

**Janet became CFRW 1<sup>st</sup> Vice President for the term 2020-2021, which, despite the headwinds of the Covid lockdowns, ended as a very successful term.**

**Now as CFRW President, Janet is honored and privileged to serve this storied Federation which is 97 years old this year! With Sacramento being the oldest club in California, it is a most special honor for her to be with you this year.**
