still Face Masks Required.

The CDC has lifted indoor mask mandates for vaccinated individuals, but they are still required in airports.

Federal law ^{still} requires the proper wearing of face masks. Face masks must be worn at **all times**.

Failure to comply will result in denial of entry to the screening area, and may result in penalties.

Stay Healthy. Stay Secure.

Coronavirus Economic Relief for Transportation Services (CERTS) Program

The Coronavirus Economic Relief for Transportation Services (CERTS) Program is providing eligible transportation service companies with resources to help to maintain payroll, hire back employees who may have been laid off, and cover applicable overhead and operational expenses.

THE CERTS PORTAL IS OPEN AND ACCEPTING APPLICATIONS

Established by the Consolidated Appropriations Act, 2021, the Coronavirus Economic Relief for Transportation Services (CERTS) Program was created to support transportation service providers affected by the COVID-19 pandemic, including motorcoach, school bus, passenger vessel, and pilot vessel companies.

Under the program, Treasury will provide up to \$2 billion in grants to eligible companies that certify they have experienced an annual revenue loss of 25 percent or more as a direct or indirect result of COVID-19. CERTS grant funds are primarily to cover payroll costs, but may also be used to cover the acquisition of services, equipment, including PPE and protection measures from COVID-19 for workers and customers; continued operations and maintenance of existing equipment and facilities; rent, leases, insurance, and interest on regular debt service.

PROGRAM INFORMATION

Companies interested in applying for a CERTS grant should review the following documents.

- CERTS Program Guidelines *Updated* (06/17/2021)
- CERTS Frequently Asked Questions *Updated* (06/29/2021)
- Information on the ID.me identity service
- Information for companies applying from U.S. Territories

RECEIVE CERTS UPDATES

APPLICATION PROCEDURES

Application Deadline: The CERTS portal will be open for applications through July 19, 2021. To be considered for a CERTS grant, an application must be completed, electronically signed, and submitted through the portal by 11:59 PM ET on July 19. After the deadline, the portal will not accept new applications, and users will not be able to finish ~~draft~~ applications in the portal.

FAQs

ACTION: Interim final rule; request for comments.

SUMMARY: The Occupational Safety and Health Administration (OSHA) is issuing an emergency temporary standard (ETS) to protect employees of large employers (100 or more employees) from COVID-19 by strongly encouraging vaccination. OSHA is suspending the ETS to give employers time to implement, and enforce a mandatory COVID-19 vaccination or testing and masking option for employers that instead adopt a policy requiring employees to either get vaccinated or elect to undergo regular COVID-19 testing and wear a face covering at work in lieu of vaccination.
