A bit about the lead trainer - Baz has a vast amount of hands on experience in excess of 20 plus years of delivering training, specifically Adult learning, Social Care & ESOL. He is an ESOL L3 trainer & has other adult teaching qualifications working within the Care Sector, differing communities & other organisations.

Testimonial - This course has been exactly what I needed to settle well into my new role. Learnt so much for example what 'spend a penny' means. Baz is very friendly, approachable and a great trainer. Would highly recommend this to all overseas staff who are struggling to settle in the UK. Rojars M
