

# Introduction to Prescribed Fire Workshop

Hosted by the El Dorado Amador Prescribed Burn Association

Join us for a day of learning about prescribed fire application on private lands! Prescribed fire is a critical tool for managing working rangelands and forests in the Sierra Nevada. This workshop will focus on landowner-led efforts to reintroduce good fire into our landscape. The classroom-based workshop will include background on prescribed fire and a field trip to visit prescribed burn units nearby. Topics will include:

- Benefits of prescribed fire and its role in the ecosystem
- Permitting and liability
- Unit preparation
- Monitoring fuel and weather conditions
- Basics of a burn plan and environmental prescription
- Personal protective equipment and tool discussion
